3. Talk about your design background (How long have you been a designer? How'd you get started? What are other fields you've worked in? What inspired you? Schooling?)
4. Sum up your design style in one sentence and elaborate what it means to you.
5. What do you love about designing? Why is it your passion?

9. Please only submit on mini DV or DVD & **MAKE SURE YOU CHECK TO BE SURE YOUR FINISHED DVD PLAYS IN YOUR DVD PLAYER.** Sometimes even when it plays on the computer, it won't play in a DVD player.

Suggestions for shooting a quality video:

- **DISTANCE:** try not to be more than 10 feet from the camera, as the sound will be too faint.
- Do not chew gum or have candy in your mouth.
- Close the blinds, shades, etc. and turn on the lights. Make sure the room and your face are well lit.
- Do not sit in front of a window or lamp, as this will create a silhouette.
- Turn off the TV, radio, music, air conditioning, ceiling fans or heating units—anything that creates background noise.
- Be sure no photographs or other artwork is in the background of your shots.
- Do not wear clothing with any visible trademarks, logos or other copyrighted material that you don't have the rights to. Dress / look like the best possible representation of yourself.
- **Have fun!** Emotions – both happy and sad – make for a compelling tape.
- Have someone other than yourself run the camera. Make sure it's someone with whom you feel very comfortable and who knows how to operate a video camera. Do a test run and make sure you are recording clear video AND audio!
